Program Integration

- Army Knowledge Online (AKO):
 - Authentication of ATRRS registration process
 - Portal for access to ATRRS
 - User accessible repository for program documentation
- The Army Training Requirements and Resources System (ATRRS)
 - Provides updates to official records for course completion.
 - Provides registration interface to MySmartForce
 - Course completion certificates
 - Reports
- MySmartForce
 - Courseware/user management
 - Reports

Program Integration

Benefits of Integration

- Connects MySmartForce with ATRRS for management of individual training record
 - Individual Development Plan (IDP) and self development
 - Credit on official records, i.e. ATRRS and AARTS Transcripts, for completed courses
 - Provides basis for promotion point award
 - Allows course certificates to be sent to student
 - Provides positive control over registration and contract volume administration
 - AKO authentication process eliminates duplication of enrollees
 - Significantly reduces routine administrative requirements

Program Integration

- Promotion Points
- College Credit - American Council on Education (ACE)
- Continuous Learning Points for Acquisition workforce
- 1,418 courses currently available with maximum of 1,500
- Flexibility of the CBT Environment (take courses anytime, anywhere, even from home)
- 40+ IT Certifications
- Mentoring - Online and 'Ask My Mentor' with certification curriculums and individual courses
- Technical Chat Room/Seminars/On-Line Discussions
- Maintaining skills when technology changes so rapidly
- Range of Competencies, novice to expert
- Integrated with AKO, Army Training Requirements and Resources System (ATRRS); Army American Council on Education Registry Transcript System (AARTS)

ACE College Credit Program

- SkillSoft offers six course modules that have been reviewed and recommended by the American Council on Education (ACE) for two college credits each.
- A team of representatives from USA PERSCOM, CIO/G6, SEC-Belvoir, ACE, and SkillSoft developed procedures for obtaining the ACE Transcripts for these courses and posted these procedures in March 2003.
- Students are required to take the Course Test Prep Exam in a monitored environment and submit paperwork to ACE. ACE will then send a transcript to the student and one institution that the student chooses.
- The Test Prep Exam is accessible through student's "My e-Learning Path"
- The decision on whether the recommended credits will be accepted will be made by the institution.
- To date, 148 individuals have requested ACE packets; 5 have completed the monitored exam and received transcripts from ACE.

SECOM

Successful Program Initiatives

Enlisted Promotion Points

- After coordination between the SEC-Belvoir, CIO/G6, PERSCOM, and the G-1, PERSCOM announced that promotion points were valid under military education for completion of vendor-based e-Learning courses.
- Promotion points are awarded under the same guidelines as correspondence courses (5 training hours = 1 promotion point).
- Guidance was published in the PERSCOM Memorandum, subject: DA Promotion Point Cutoff Scores for 1 January 2003 and Junior Enlisted Issues, dated 13 December 2002. Document is currently posted on the AKO Education Webpage as well as the Army CBT Webpage.
- GI to Jobs has identified the Army's e-Learning Program as a tool for soldiers to fill any gaps that exist between their military training and experience and the civilian credentialing requirements.

The image shows a certificate of completion from SmartForce, The e-Learning Company. The certificate is presented in a circular white frame against a dark blue background. At the top, the SmartForce logo is displayed. Below it, the title "CERTIFICATE OF COMPLETION" is centered in large, bold, black capital letters. Underneath the title, the name "Robert H Schwenk" is written in a cursive script. The central text of the certificate reads: "UNITED STATES ARMY has successfully completed the SmartForce Training Program for Internet Security: Secure Communications". Below this, it states "4 Hours" and the date "2003-07-10". The text "Certificate presented by" is followed by a handwritten signature of "Robert H. Schwenk" and the typed name "Robert H. Schwenk, GS 15, Army CBT Administrator". At the bottom, the SmartForce eLearning logo is shown, featuring the words "SmartForce" above "eLearning" with a red swoosh. The entire document is viewed in Adobe Acrobat Reader.

CBT Registration Process

- FY04 Army purchased 175,000 licenses of SkillSoft's MySmartForce e-Learning environment.
- Developed process by which eligible Army users can access registration through Army Knowledge Online (AKO) (www.us.army.mil).
- AKO and ATRRS work together to validate authority and grant access to MySmartForce.
- ATRRS will verify user eligibility through AKO and register them in MySmartForce (<http://usarmy.smartforce.com>).
- ATRRS sends users their user id and password by email to their AKO account.
- An additional process provides for the posting of completed MySmartForce Courses to the user's training records in ATRRS. Certificates emailed to user.

Step-by-Step Process

Welcome to E-Learning!

Welcome to the new registration process for Army e-Learning training. Registration has been automated with the Army Training Requirements and Resources System (ATRRS). Not only does ATRRS verify your eligibility for the program, it will also post successfully completed courses to the user's official ATRRS training record. The program continues at no cost to the individual or their organization. All active duty soldiers, members of the National Guard or Reserve as well as all Department of the Army civilian employees are authorized to access over 1,500 Information Technology, Business Skills, and Interpersonal Skills courses from any location, around the clock (24/7). Please follow the below steps for access to the New Army e-Learning/Web Based training:
